

## PHARMACY DISCOUNT BENEFIT

Truckers Service Association (TSA) is pleased to offer a Prescription Discount Card!

Save 10-85% on most short-term, acute care prescriptions with the local pharmacy program. Long-term prescriptions may be purchased at the local pharmacy but for maximum savings, the member is encouraged to use the mail order pharmacy for long-term drugs.

It's simple to use. Simply present the Pharmacy Discount membership card to the pharmacist with the prescription. The pharmacist calculates the discount and you pay the discounted price. No other paperwork is required.

### Pharmacy Discount Highlights\*

- 10-85% savings on most short-term and acute care medications
- Use the Online Drug Price Check Utility ([www.rxpricequotes.com](http://www.rxpricequotes.com)) to find the price of prescriptions at participating locations by zip code
- Over 60,000 locations, including independent, national and regional chain pharmacies nationwide

To make sure members save money on their prescription drugs, we have a unique mail order pharmacy program called the [Mail Order Prescription Plan](#). Since most long-term medications are bought in a 90 day supply, members get the best savings and have the ease of home delivery (at no additional charge) through the mail order pharmacy. Accuracy is assured through a procedure that requires every order to pass seven checkpoints before mailing.

### Mail Order Prescription Highlights\*\*

- Prices average 10% below AARP
- SAVINGS GUARANTEE: If the member finds a lower price from a local retail pharmacy, the Mail Order Pharmacy will bet that price by \$5.00 (or by 10%) on medications priced at \$10.00 or more
- Ease of home delivery with no postage or dispensing fees added
- Unlike programs that restrict medications on their "approved" list, the mail order "open formulary" lets a doctor prescribe the best medication to treat a particular ailment

### Sign Up

Go to [www.NBDrugCard.com/DrugCard.aspx?ID=52402](http://www.NBDrugCard.com/DrugCard.aspx?ID=52402) to print your own card and view local mail order pharmacy details.

\*Pharmacy discounts are not insurance and are not intended as a substitute for insurance. **The discount is only available at participating pharmacies.**
