HOURS OF SERVICE RULES CHANGES ANNOUNCED - COMMENT PERIOD OPEN

Federal trucking regulators have issued a proposed change to hours-of-service rules that would increase truck drivers' flexibility with their 30-minute rest break and with dividing their time in the sleeper berth.

The proposal, announced on Aug. 14, also would extend by two hours duty time for drivers encountering adverse weather and expand the current 100 air-mile "shorthaul" exemption from 12 hours on-duty to 14 hours on-duty to be consistent with workday rules for longhaul truck drivers.

The public comment period will be open for 45 days. The Federal Register Notice, including how to submit comments, is available here: <http://bit.ly/33ybaSD>

BOBCAT

NATION WIDE CASTING CALL FOR TRUCKERS

**Do you have years of experience driving an 18-wheeler?
Have you driven 1000s of miles to ship goods?
Do you want to win cash for being the best truck driver?
Then we want to hear from you!**

From the creators of Deadliest Catch, Bobcat Partners are producing a competition series to find the most skilled truckers to compete in a series of events to show off their trucker skills. This is a fantastic project for a major cable network where you'll be put through a series of obstacle courses and tasks to see what kind of moves you have behind the wheel of a giant trucker rig. If picked, you'll be supplied hotel and airfare to the location of the obstacle courses, and you'll be eligible to win cash for each round of the obstacle course you win. If interested, please email Joepinzone80@gmail.com

**NEW TSA MEMBER BENEFIT:
GROUND & AIR AMBULANCE SERVICE**

Any Ground. Any Air. Anywhere.

Today many Americans tend to believe their health insurance policies cover most, if not all, ambulance expenses. The truth is they likely DO NOT!

Even after insurance, the financial burdens that could arise due to extremely high medical transportation costs are very real.

Did You Know...

- Emergent Ground Ambulance transports can easily surpass \$2,000 and can cost as much as \$5,000.
- Emergent Air Ambulance transports frequently cost more than \$40,000, and can be as high as \$70,000.
- If you are in need of specialized care and can be transported on a non-emergent basis, it is common for a medically equipped plane to cost more than \$20,000.

ONLY MASA MTS provides you:

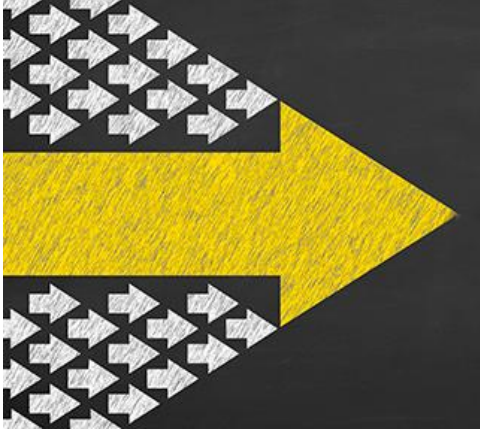

- Coverage ANYWHERE in all 50 states and Canada
- Coverage for BOTH emergent ground ambulance and air ambulance transport REGARDLESS of the provider
- Non-emergent transport services that are frequently covered inadequately by your insurance, if at all
