

THANK YOU
To All Of Our TSA Members For Working To
Keep America Running!

Thank You!

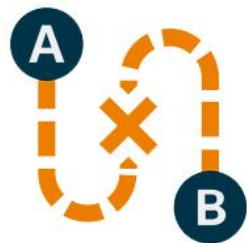

NEW TSA MEMBER BENEFIT

TSA has a long history of bringing value to its members through significant new benefits, services, and informative resources that help make our members' businesses more cost-efficient and, therefore, more profitable. Today, TSA Announces Members' new access to:

Geotab ELD Compliance Solution

A Global Leader in ELD Solutions

Minimize Violations

With our ELD solution you'll be able to minimize violations with our robust alert system, including in-app driver warnings and real-time alerts. Compliance managers can use the MyGeotab platform to easily track driver logs, violations and hours remaining.

Geotab ELD provides a complete end-to-end inspection workflow for Driver Vehicle Inspection Reporting (DVIR), pre-trip and post-trip. Record defects, who identified the defect and who repaired it. Automatically notify a mechanic when a repair is needed. Additional features include customized defects list and report printing right from MyGeotab.

Improve Productivity

Improve Safety

Optimize Fleet

Optimize Fleet Compliance

Valuable Features through Advantage Asset Tracking ELD

Integrate your maintenance program and much more with Geotab's open APIs and Software Development Kit.

- Fuel usage and efficiency monitoring
- Integration with a number of major Transportation Management Systems (TMS) and platforms
- Engine fault reporting for proactive vehicle maintenance
- Accurate insights for IFTA and IRP mileage reporting with true trip miles
- Paperless forms and electronic signature capture
- Add Marketplace solutions for trucking, such as refrigerated trailer temperature monitoring, tire pressure monitoring, in-cab cameras, and more.
